Summer 2015

Entrance Gates at Longstowe Hall

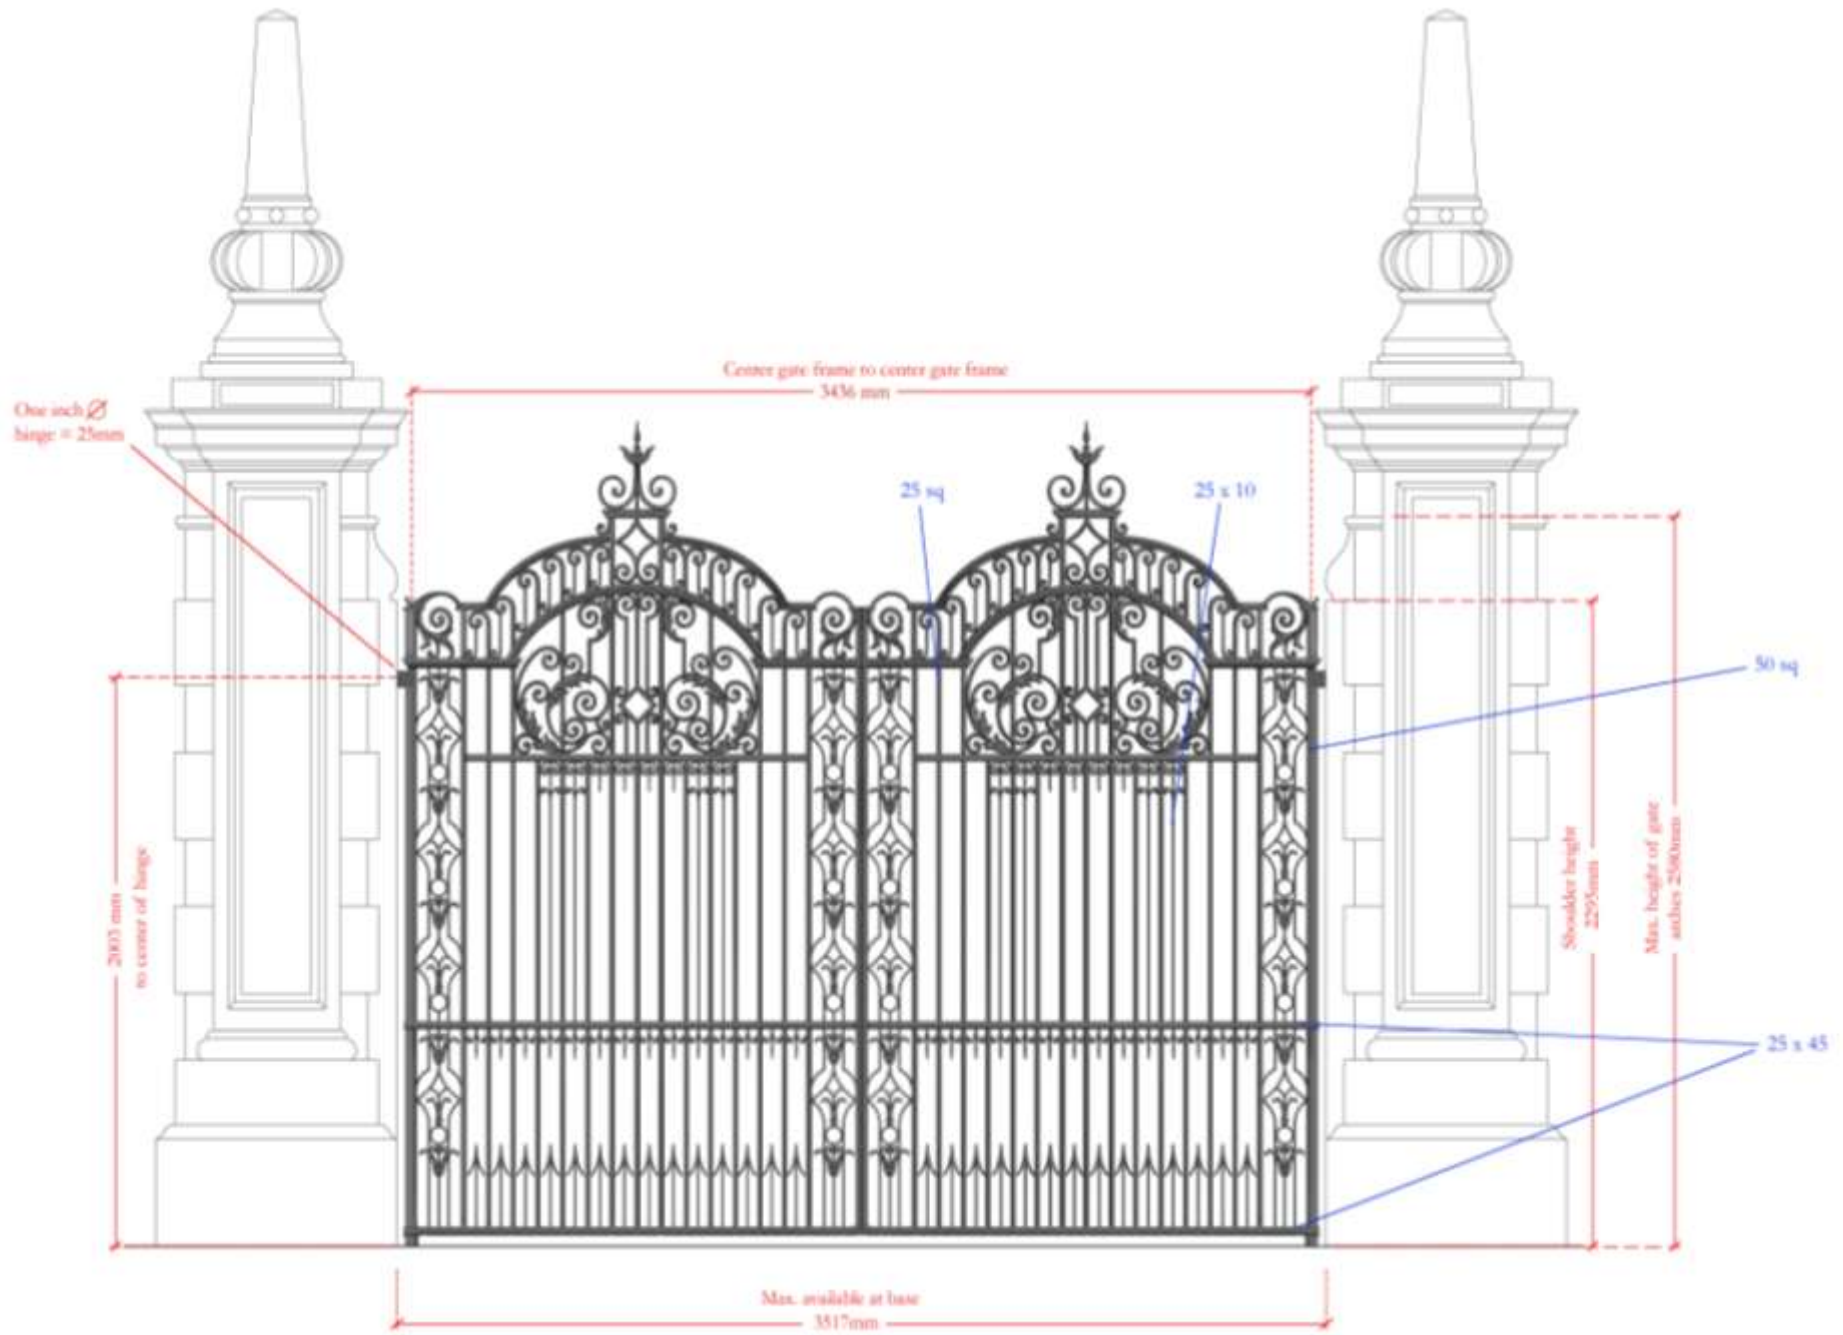

Longstowe Hall, Cambridgeshire had their main entrance gates removed within one week of the outbreak of World War One. A photograph of the original gates supplied the detail needed to produce a faithful copy, and the hall once again has an entrance worthy of Longstowe.

Designed & manufactured by Peter Weldon Iron Designs; Manufacture was by our partner firm Aquairon of Bulgaria. Installation was by Charlie Griffiths and Peter Weldon.

The following pages illustrate the process from design, manufacture, and installation.
