

PETER WELDON
IRON DESIGNS LTD.

Design and Manufacture of Period and Architectural Ironwork

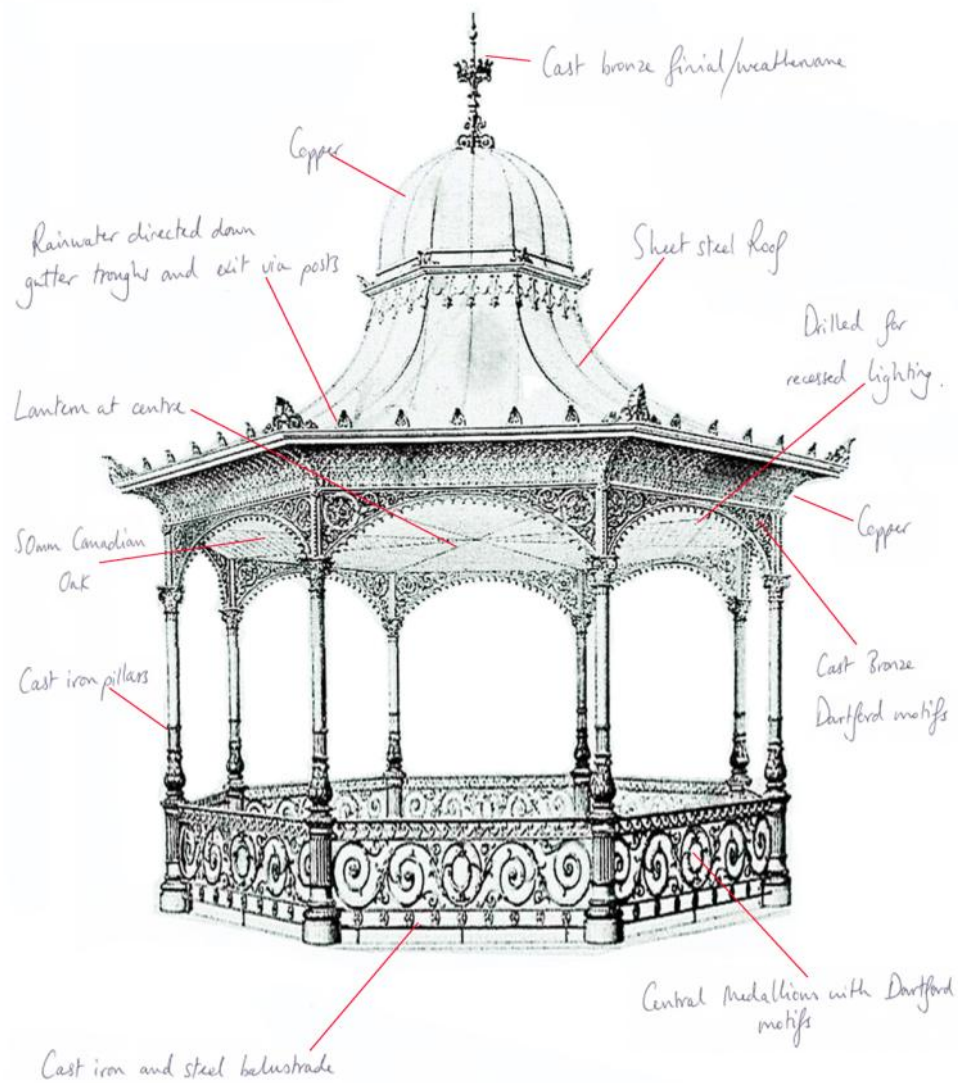

Bandstand design—
for public and private spaces, estates and municipal
authorities.

Peter Weldon Iron Designs can design to your requirements with pencil sketches, photoshop and DWG files. Custom mouldings can be created using our skilled model makers to replicate shields or motifs. The structure can be created from steel, cast iron, cast bronze, copper, aluminium, fibreglass and timber. The following images illustrate some previous design work from Peter Weldon Iron Designs
